

Python-Elasticsearch

December 19, 2023

Create the index

```
[3]: import requests

# Elasticsearch server details
base_url = "http://localhost:9200"
index_name = "software_jobs"
username = "elastic"
password = "<passwd>"

# Index settings and mapping
index_settings = {
    "settings": {
        "number_of_shards": 1,
        "number_of_replicas": 0
    },
    "mappings": {
        "properties": {
            'job_id': {"type": "keyword"},
            'title': {"type": "keyword"},
            'company_name': {"type": "keyword"},
            'location': {"type": "keyword"},
            'via': {"type": "keyword"},
            'description': {"type": "keyword"},
        }
    }
}

# Create the index with authentication
response = requests.put(
    f"{base_url}/{index_name}",
    json=index_settings,
    auth=(username, password) # Include authentication parameters
)

# Check the response
if response.status_code == 200:
    print(f"Index '{index_name}' created successfully.")
```

```

else:
    print(f"Error creating index: {response.content}")

```

Index 'software_jobs' created successfully.

Post the job offers to the index

```

[4]: import json
elasticsearch_url = "http://localhost:9200"
with open('jobs_jumble.json') as f:
    cleaned = json.load(f)
    for c in cleaned:
        response = requests.post(
            f"{elasticsearch_url}/software_jobs/_doc",
            json=c,
            auth=(username, password) # Include authentication parameters
        )

        if response.status_code == 201:
            print(f"Job uploaded successfully: {response.json()}")
        else:
            print(f"Error uploading job: {response.json()}")

```

```

R, Advanced SQL...', 'company_name': 'Cube Hub Inc.', 'location': 'Irvine,
Californie', 'via': 'via SaluteMyJob', 'description': "Position Description:
ServiceNow Developer for Asset Management team\n\nhis team is working a hybrid
schedule, but fully remote candidates will be considered as well...\n\nRecent
college graduates are not a good fit for this position.\n\nDemonstrated
knowledge in various programming languages (Python, R, Advanced SQL, etc.) MUST
HAVE\n\n3+ Years experience of ServiceNow Administration MUST HAVE\n\nUnderstanding of ServiceNow development environment, database, data management
and infrastructure capabilities and constraints MUST HAVE\n\nBusiness process
knowledge of Hardware Asset Management (HAM), Software Asset Management (SAM),
and procurement Preferred but not required\n\nAbility to analyze, translate, and
define business requirements into technical solutions, including advanced
problem-solving ability - Preferred but not required\n\nExcellence in verbal and
written communication forms with emphasis on persuasive communication, tact and
negotiation - Preferred but not required\n\nWhat Makes You Stand Out (Desired
Skills/experiences)\n\nExperience with the following technologies:\n\nWeb
technologies HTML, XML, or CSS\n\nAPI integrations with other systems\n\nConfiguration of ServiceNow's ITSM service catalog\n\nUI and SQL\n\nAbility to
manage many competing priorities/requests in a fast-paced environment.\n\nServiceNow Administration certification\n\nExpert ITIL process knowledge\n\nITSM
ServiceNow knowledge\n\nCandidates who are selected for interviews will be
required to complete a Glider assessment***\n\nResponsibilities\n\nBuilds the work
needed to implement functionality from the product backlog (managed by the
product owner).\n\nAnalyzes assignments and determines software specifications
that must be fulfilled to achieve objectives and get appropriate value from
packaged solutions.\n\nTests deliverables against a user story's acceptance
tests.\n\nCompletes system configuration settings to enable software

automation to support Deployments.\n• Update Test automation to support CI/CD deployments.\n• Pre & Post Deployment validations on Apps.\n\nCompensation\n\nThe starting salary for this role differs based on the employee's primary work location. Employees typically do not start at the top of the range, though compensation depends on each individual's qualifications.\n\nLocation Based Pay Ranges\n\n\$94420 - \$118028 in these states: AR, ID, KY, LA, ME, MS, NE, SC, and SD.\n\$99390 - \$124230 in these states: AZ, FL, GA, IN, IA, KS, MO, MT, NM, ND, OH, OK, PA, TN, UT, VT, WV, WI, and WY.\n\$104360 - \$130448 in these states: CO, HI, MI, MN, NV, NH, NC, OR, and RI.\n\$109330 - \$136665 in these states: AK, CA, CT, DE, DC, IL, MD, MA, NJ, NY, TX, VA, and WA.\n\nAs with the pay range variety that's based on the region of a country, specific offers are determined by various factors such as experience, education, skills, certifications and other business needs.\n\nWhat to Expect Next\n\nRequisition #: 331220\n\nWhen applying for a position, you may be subject to a background screen (criminal records check, motor vehicle report, and/or drug screen), depending on the requirements for the position. More information on what's included in these checks can be found in the Post Offer section of our FAQ page. Job-related concerns noted in the background screen may disqualify you from the new position or your current role. Background results will be evaluated on a case-by-case basis.\n\nEEO Statement\n\nWe are committed to providing equal employment opportunities to all persons regardless of race, color, ancestry, citizenship, national origin, religion, veteran status, disability, genetic characteristic or information, age, gender, sexual orientation, gender identity, gender expression, marital status, family status, pregnancy, or other legally protected status (collectively, "protected statuses"). We do not tolerate unlawful discrimination in any employment decisions, including recruiting, hiring, compensation, promotion, benefits, discipline, termination, job assignments or training.\n\nDisclaimer\n\nThe above job definition information has been designed to indicate the general nature and level of work performed by employees within this classification. It is not designed to contain or be interpreted as a comprehensive inventory of all duties, responsibilities, and qualifications required of employees assigned to this job. Job duties and responsibilities are subject to change based on changing business needs and conditions.\n\nSalary Range\n\nSalary Min : \n\n\$94420\n\nSalary Max : \n\n\$136665\n\nThis information reflects the base salary pay range for this job based on current national market data. Ranges may vary based on the job's location. We offer competitive pay that varies based on individual experience, qualifications and other relevant factors. We encourage you to apply to positions that you are interested in and for which you believe you are qualified. To learn more, you are welcome to discuss with us as you move through the selection process"}\n
